Need help understanding your child’s PARCC scores?

*Illinois State Test Guide for Parents* is a free online tool to help you understand your child’s scores and support your child’s learning all year ‘round.

Get started with four easy steps:

1. **Grab your child’s score report**

   ![Mathematics Score Report]

   **STUDENT NAME**

   **MATHEMATICS**

   **LEVEL 1**
   - Your child performed at level 1 and earned a score of 675

2. **Use the guide to understand the results**

   ![Guide to Understanding Results]

   **Major Content**
   - **How to help**
   - **What it means**

   **3rd graders are expected to learn**
   - Easily and accurately adding and subtracting large numbers, such as 492 + 99 and 1,000 - 876.
   - Students learn about adding and subtracting in earlier grades, but in third grade they are expected to be able to add and subtract within 1000.

   **If your child didn’t meet the Major Content standard...**
   - There are a number of reasons your child may be having difficulty in third grade math. Your child may struggle with:
     - •

3. **Zero in on your child’s strengths and struggles**

   ![Comparing Fractions]

   **Comparing Fractions**
   - Who has more?
   - \( \frac{1}{2} \) vs. \( \frac{4}{8} \)

4. **Find fun ways to help**

   ![Fun Ways to Help]

   How many 1/4 cups of flour do you need...

**Parents**

Help unlock your child’s potential and support their success in school.

**Teachers**

Help parents understand grade-level skills and how they can help.
