Need help understanding your child’s PARCC scores?

*Massachusetts State Test Guide for Parents* is a free online tool to help you understand your child’s scores and support your child’s learning all year ‘round.

Get started with four easy steps:

1. **Grab your child’s score report**
2. **Use the guide to understand the results**
3. **Zero in on your child’s strengths and struggles**
4. **Find fun ways to help**

### Major Content

#### How to help

**3rd graders are expected to learn**

- Easily and accurately adding and subtracting large numbers, such as 492 + 99 and 1,000 - 876.

**Students learn about adding and subtracting in earlier grades, but in third grade they are expected to be able to add and subtract within 1000.**

**If your child didn’t meet the Major Content standard...**

There are a number of reasons your child may be having difficulty in third grade math. Your child may struggle with:

- •

### Comparing Fractions

**Who has more?**

- \( \frac{1}{2} \)
- \( \frac{4}{8} \)

**Parents**

Help unlock your child’s potential and support their success in school.

**Teachers**

Help parents understand grade-level skills and how they can help.
