My pet dragon

**Where to start:** Kids' imaginations are boundless. Start with a conversation about pets. What would it be like to have a magical creature for a pet? Where would it sleep? What would it eat? Where would it go to the bathroom?

**Prompt:** Pretend you have a pet dragon. What would you name it? What does it look like? Draw your dragon.

**How to go deeper:** What special powers does your dragon have? Draw or write about an adventure with your pet dragon. (Use the back of this page.)
