Crazy captions

What's going on in this picture? Captions are used to tell readers what's happening in a photo.

What you’ll need

* Pen or pencil 
* Thesaurus or dictionary (optional)

How to do it

Make up a caption for each image. The caption should describe the situation, including who, what, when, where, and sometimes why something is happening. Your captions can be serious or silly. Try descriptive vocabulary words (a dictionary may help), rhymes, or alliteration, too!
