What sport is not in the Olympics (or played professionally) but should be? Describe the sport and explain why you think it’s great.

**Keep in mind:** Some games and sports that are not in the Olympics include surfing, ultimate frisbee, kickball, dodgeball, parkour, and bowling. What, if anything, makes them different from Olympic sports?

---

**Bonus:** Write a letter to the Olympic committee and give 3 reasons why they should add your sport to the schedule. (Use the back of this page to write.)
